Grades K–2

Digital Literacy

My Student Planner

Everything you need to finish for each chapter, with a place to check it off, write your score, and color in your progress!

Name: _____

Welcome!

How to use my planner

- Each chapter has its own page. It shows **what to do**.
- When you finish something, put a **check** in the box ☐ and write the date (a grown-up can help).
- Color in the **stars** to show how it went: 1 star = tricky, 3 stars = easy!
- Ask your teacher to **sign** the last box.
- At the back, **color one box** on the tracker every time you finish an activity. Watch it fill up!

My goal for this book
